Bio

CV:

Dr. David Almagor is a veteran high-tech executive with over 25 years of experience in managing complex R&D as well as business entities, guiding them from startup inception to business success. He was the founding Chairman and CEO of Panoramic Power and ran the company for the first 3 years. Formerly, David was an adviser to various technology companies such as Texas Instruments (NYSE: TXN), Audiocodes (NASDAQ: AUDC), PowerDsine - acquired by Microsemi (NASDAQ: MSCC), Modem Art - acquired by Agere (NYSE: LSI) and board member at Lucid (private). Prior to that, he was the

founding Chairman and CEO of Mysticom Semiconductor, a network IC provider established in 1997 and sold to Transwitch (NASDAQ: TXCC) in 2005. Previously, David was the DSP Technology Group Director at National Semiconductor. Dr. Almagor is the author of more than 40 publications and the co-author of 4 US patents. He holds a Ph.D. EE and M.S.EE from the University of California, San Diego and a B.S.EE from the Technion, Israel Institute of Technology.
